New Policies Announced for Murrell Park at Grapevine Lake.

FORT WORTH, Texas – The U.S. Army Corps of Engineers will implement new camp fee and reservation policies next month at Murrell Park to improve customer service.

Beginning May 3, a \$10 daily fee will be required for primitive camping in designated areas at Grapevine Lake's Murrell Park. As an additional service, primitive campsites can be reserved through the National Recreation Reservation Service.

Through this improved reservation program, customers will experience better service at the park with faster check-in times and shorter lines at the gatehouse. The new policies will also help to better manage the park facilities, allowing for scheduled campsite cleaning and maintenance prior to the customer's arrival time.

Campers can make reservations through the National Recreation Reservation Service one of three ways: going online and booking a site at www.recreation.gov, calling the reservation service toll free at 1-877-444-6777, or at the park site where they wish to stay by visiting the gatehouse attendant.

Additional information is available at <http://www.swf-wc.usace.army.mil/grapevine/index.asp> or by calling the Grapevine Lake Office at 817-865-2600.
